Over 40%

of your customers move each year and
 new ones move into your district. An
 advertisement in the

City Directory

will enable new customers in your
 district to find you.

Henderson Directories Limited

Business Insurance

**The Classified Section of
the City Directory insures
your business against the
loss of a prospective cus-
tomer who finds only your
competitor listed under
headings covering
your business**

**Make
yourself
easy to find**

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY Every Time It is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the Directory of Your City.

This cost must be absorbed by the subscribers—be they one—or be they 1000.

If there were but **One Subscriber** to the **City Directory**—the **One Subscriber** would of necessity have to absorb **The Whole Cost**.

If there were **1000 Subscribers**—each one would **have to absorb 1/1000 Part of the Whole Cost**.

From which it is obvious that the **Greater** the number of subscribers—the **Lesser** the cost to each.

Every time you loan your City Directory the **Less Necessity** There is for the Borrower to subscribe for the **Service**.

More Borrowers result in **Fewer Subscribers**, which means **Increased Cost**.

Common Sense

About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation
consulted.

TO BE EXACT—by actual survey in Canadian cities—for each City Directory, an average of three and one-half consultations were made for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half daily consultations for each book for three hundred and five days, therefore—

$$1000 \times 3\frac{1}{2} \times 305 =$$
$$1,067,500$$
